Technical Details

Materials	Aluminium panel with frame. Carbon crystal film element.
Components	Remote control supplied with every heater. Built-in receiver on reverse of panel.
Colours	White (RAL 9003).
Cable	1.9m with fitted plug.
Installation	Models for wall or ceiling mounting are available. Wall models have a higher wattage and must not be ceiling mounted. It is possible to wall mount ceiling models, however output will be reduced.
Fixings	Wall mounting fixtures are included with all panels. Ceiling mounting fixings for fixed or suspended fitting are available as an optional extra. Suitably-sized ceiling panels can also be fitted into a ceiling grid. This does not require additional fixings.
Voltage	220 - 240V, 50Hz.
Protection	IP54, Class I.
Warranty	5 years on panel body, 1 year for built-in thermostat and accessories.
Certifications	CE UK
